

Welcome to our August newsletter

We thought we would do something a bit different this month for our newsletter. We thought many of you would be receiving similar information on the pandemic and economic news. To counter that, we have attached a selection of puzzles. You can download and print these off to do when your work day is done. You might want to race other family members to complete them – loser cooks dinner!

We also have information for you from Victorian Economic Chamber of Commerce & Industry and Creditor Watch and articles from QR Lawyers

Brain Training

We have sourced (and created) the following puzzles for you:

How to get Repaid! without using traditional Debt Collection Services

We are aware many companies don't want to upset their current clients by using a debt recovery company, however they also want to be paid in a reasonable time-frame. This is where Business Credit Solutions can assist. We can act as your accounts receivable service and contact your debtors using a letterhead comprising your company logo with Business Credit Solutions letterhead. We do not refer to Repaid! Collections and have a completely separate email address for contact. We urge your debtors to pay you direct. This is a softer approach

and can reap great rewards for you. Debts can be escalated to Repaid! Collections if required at a later date. Please contact Jeanine on 0418 749 602 or email jpurdie@repaid.com.au for further information.
