

Welcome to our April / May 2022 newsletter

There is a lot going on at the moment! Having just finished 3 x 4-day weeks, the time off was very relaxing however there was lots of work to do in shorter weeks. With an impending federal election and the end of the financial year almost upon us it will be full speed ahead.

From all reports, business activity and enquiry is increasing however, volatile times ahead are being predicted. "CreditorWatch maintains its view that the economic outlook for Australia will continue to be bumpy one. According to Chief Economist Anneke Thompson, this is due to multiple impacts including COVID-related supply chain disruptions, increasing inflation, impending interest rate rises, labour shortages, fuel price rises and the impact of the east-coast floods". See the latest business risk index industry synopsis summary [here](#)

It is a good time to remind everyone to review their accounts and send in any outstanding accounts for collection. With our No Win / No Fee policy, you have nothing to lose and potentially a lot to gain. Knowing your customers and their credit history is also extremely important to mitigate your risk and we can assist with these enquiries.

Take care, Jeanine

Are you ready for 30 JUNE 2022 ?

With the end of this financial year upon us and uncertainty surrounding state and federal government leadership, interest rates and rising cost of living expenses, now is a good time to review your tax obligations and accounts.

For information and ideas, refer to the [attached](#) flyer from Rubiix Business Accountants. This flyer includes links to guides to help you minimise your personal and business tax for the 2022 FY. Is your business grant ready ?

Grants should not be viewed as a quick cash grab and should never be an afterthought in terms of trying to claw back money already outplayed on your business growth and expansion projects.

There are many advantages to making sure your business is Grant Ready as grants are highly competitive and many have short time frames for submission. Therefore, there are key factors you need to understand, consider, and prepare for before you apply: To find out more, and access assistance in this area, please contact [Melrose International](#)

Melrose International have provided listings of current Victorian government grant funding allocations. These have been split into 3 categories and can be accessed here: [For Industry](#) [Business Activity](#) [Community Services](#)
